

## VILLAGE HOTEL CHANGI

Located in the east of Singapore and within the charming and laid-back Changi district, Village Hotel Changi by Far East Hospitality offers a unique and refreshing destination for corporate meetings and retreats. The hotel's lush setting right by the coastline sets it apart from the metropolitan city scene. The location is ideal for frequent travellers as it's a 15-minute drive from Changi Airport.

For companies on retreats, the relatively untouched Pulau Ubin and the flora and fauna of the Chek Jawa Wetlands are both a bumboat ride away from Changi Point Ferry Terminal. Travellers can not only look forward to waking up to lush foliage and a crisp sea breeze, but also trying out the local cuisine.

Village Hotel Changi has a total of 19 indoor and outdoor function spaces

of various sizes to suit corporate travellers' event needs. These function spaces are complemented by services and amenities such as audio-visual equipment, LCD projectors and screens as well as complimentary Wi-Fi access. The spacious square ballroom allows large-scale events of up to 350 people in a theatre setting.

Village Hotel Changi also offers small meeting spaces such as its sphere and cube rooms which are ideal for intimate group breakouts, discussions and brainstorming sessions. It also offers customisable menus prepared by its halal-certified kitchen, as well as an array of team-building activities.
